## G. P. MUSICAL FESTIVAL WAS OUTSTANDING SUCCESS

### All Points In Grande Prairie District Were Represented; General Improvement Shown

The grand concert held in the Capitol Theatre on Thursday night and which concluded Grande Prairie's third annual Musical Festival, drew a capacity house from students as far west as Hythe, Lethbridge, Del Norte and North to Ryco and Spirit River. There were 199 entries in the Festival.

Only winners appeared on the very excellent program. The balance of the evening was given over to the presentation of trophies, medals, certificates and brief speeches.

Mr. Frank Smith distributed the prizes. It was noticed that they were quite well distributed throughout the entire district.

G. Bergein of Cleckheaton, an enthusiastic competitor of the Musical Festival, occupied the chair. He said it was a great honor to be chairman of the musical division of the Festival and to accept the task with pleasure, adding: "It is with the idea of encouraging the appreciation of music that we have organized those behind the Musical Festival."

The program, which included musical selections, both vocal and instrumental, for dancing, choir singing and school choirs made a most pleasing combination and the audience were not slow in showing appreciation.

Major Tessier, who made the presentations, on behalf of the town welcomed all visitors and thanked Mr. Smith, Mr. Bergein and all the members of the committee for the successful Festival. His Worship also thanked those on the staff of Grande Prairie for their efforts to make the Festival such an outstanding attraction and success from the stand-point of which it was held.

The adjudicators, when called upon spoke very briefly.

Miss J. Frances Trueman, adjudicator of the folk dancing, observed that she felt sure if the suggestions were followed that the folk dancing would be even finer exhibition of folk dancing here.

Ted Cohen, who adjudicated dramatics and elocution, said that he would like to see this district represented on the outside, as there was room for improvement. He said he hoped that arrangements would be made to render this wish possible.

Herbert Wile, who adjudicated the music, both vocal and instrumental, stated that he would be glad to give a gold medal for the open piano competition.

He said that he had been impressed of working harder. "I do that purposely in the junior classes in order to encourage the boys and girls to work harder. It came to older competitors the marking was naturally tighter," he added.

Mr. Wile expressed appreciation of the efforts of the committee which he received from the committee.

A. E. Galway, president of the Musical Festival Organization, deserved that it was a great source of gratitude to every member of the committee that the Festival had been so well received. He addressed various sections for so heartily supporting what had come to be a great annual event in the life of the community.

The President then addressed himself to the competitors. Some, he said, would be home with pleasure. Others would leave without any. Those who were not successful also won if they did their very best.

Dr. J. M. Smart, director of the Montrose School chorus, the children did not appear on the program, which was very regrettable.

The weather proved kind and the three days were about ideal. The rain which was threatening much of the time which enabled many who would otherwise have been unable to attend to do so.

The adjudicator, Misses Hall, St. Paul's United Church and the Elks Hall were all called into play and the interest taken by the public in the Musical Festival was indicated by the large attendance at all programs.

I am sure that the young taking such an active part in the affairs, adding: "It is with the idea of encouraging the appreciation of music that we have organized those behind the Musical Festival."

## BOARS, STEER CLEAR OF MATT

Boars and steers are clearing out of the Big Bad Bear. Matt, the local wild boar, has been seen twice in the last week, but he is still around. Matt was working very hard last week to provide himself with a grubstake and was seen in almost the same way, but they called a pie social and dance and were fortunate in having a number of visitors. The last evening that Matt was seen, thirty-two pigs were taken by L. McLaughlin, bringing \$33.75, so now the deficit has vanished, but perhaps enough extra steam can be turned on to finish up needed in big time.

McLaughlin, bringing \$33.75, so now the deficit has vanished, but perhaps enough extra steam can be turned on to finish up needed in big time.

## BEZANSON NEWS

BEZANSON, May 3.—Our Bezonian correspondents all appear to have vanished, so here goes an attempt to make and show the world that Bezonian is still the man and still going strong. This episode will be in the nature of a review of events.

Perhaps we might start with school affairs although any allusion to school affairs in this district appears to be of little interest. The school board will be no harm in mentioning the fact that some time ago, owing to some difficulty with the school board and H. Trapp resigned from the school board and at a special meeting of the taxpayers in Allan and S. Hunter, the school board was re-elected, and everyone hopes that things will percolate more smoothly now. However, what will be the future will tell the whole story.

In March the sports ground committee, the town and the school board, and the tax and rate funds to help finance operations for the coming summer. There was a very good turnout, although attendance at the meetings was rather disappointing. Some 35 baskets were auctioned off, bringing the nice sum of almost sixty dollars. The money will be used to help the lateness of the spring it will be a tough proposition to get the ball ground shaped up by spring but perhaps enough extra steam can be turned on to finish up needed in big time.

The ball committee finished up their winter's program last year with a deficit of eleven dollars and last year the ball committee was able to get the ball ground shaped up by spring but perhaps enough extra steam can be turned on to finish up needed in big time.

Herman Bros. are moving from this district to a farm in the village of Lethbridge, having been renting a farm there for the last two years. They have a good farm but the unkind weather has turned some of the land into a wasteland. The weather didn't help the ball committee much, but what will be the future will tell the whole story.

Jim Thompson of Wapiti arrived here last Tuesday and he will be employed for the season on the Allen farm.

Art Watson is engaged in the threshing of his stacked out crop last week and Gen. Schadek threshed some wheat and oats for F. Wilsey. Carl Mure figures threshing his crop that is in the same condition as the others. The oats are enough to haul with wagons. The wheat will sure be dry.

CONGRATULATIONS!

Two new little fitters were welcomed to the homes of Mr. and Mrs. Mr. Gerhard Bauteutsch on May 2 and Mr. and Mrs. Shirley Sherk on May 2.

Migs Emma Sherk won second prize in the Wapiti sweepstakes.

Mrs. Brown of High Prairie arrived here last Tuesday's train.

FIRST CAR TO THE PRAIRIE

Malvin Hart and J. A. Mitchell drove to Grande Prairie Saturday, the first car to negotiate Hulsen mudholes.

FUD HESS recently shipped out the first carload of seed barley ever shipped out of this country by one grower. They are now busy, or have been, finding a market for their grain with their new equipment. It would appear that this district has been a few years late in awakening to the fact that it does pay to sow absolutely clean seed.

THE south road leading west has this year turned over little and only when it could not be helped. It would almost appear as if the ones interested would have to form some sort of a committee to get the job done. The mud has broken when he arrived. Perhaps some day a decent bridge will be constructed across the Smoky.

Business visitors seen in town during the week include Louis Larson, Frank Ditch, W. P. Peterson, Mr. Stuen, Ditch L. P. Peterson, Jos. Chevalier, and Donat Gauthier, who we noticed getting a little haircut. A sure sign of spring with the weather getting cool enough for his good looks.

Elleen Hunter has returned to G. P. H. to continue her grade eleven studies.

In 1935 the ice in the Big Smoky went out April 20. In 1934 the ice went out on April 26, so it would appear that the condition of the ice would be several days later than last year. According to records kept, it would be as if regardless of the first day of the day the start of harvest can be looked for about the second year.

SEEN AND HEARD

Leaving Lethbridge her first appearance on our main drag.

Guy guiding Lena safely across the bridge. All right.

A petition should be sent to Mr. Bennett asking to have lighthouses and bell-mangers placed at strategic places along the trail.

Freeze having an accident with his jumper, leaving same on the road.

Erle getting the new house nearer completion.

Irwin holding on for dear life.

Pat might be one for a year only as he has no shells in his gun.

Anyone having heavy haulage to do get in touch with Oliver and Ira.

## WEST END NEWS

## West End Pupils Do Their Bit In Honoring King

WEST END, May 8.—The children of the West End Schools have been gratulated on the way they carried through the program for the King's Silver Jubilee. Great pride is due to the teacher and the pupils for the way she had trained the children, owing to the short time at her disposal. A few of the pupils are out not only to listen to the children but as a mark of loyalty to His Majesty the King. It says much for them to come to the schools in the bad roads as there is such a wretched condition.

Mr. Joe Beale took the chair and the program was as follows:

"All the people gathered and said 'God Save the King.'

"Chorus—'God Save the King.'

"Recitation—'King George the Fifth.'

"Menton Best, David Best, Joyce Mersaw, Bonnie Nichol, Reading—'Gentlemen, the King.'

"The King's Radio Message," Christians, 1935, Marvin Best,

Recitation—'I've to These, My Countrymen, My Country.'

"The Maple Leaf Forever," everybody Reading—'Their Majesties,' Howard Mowat,

Recitation—'Our Empire,' Ralph Nichol,

TOO MANY GAS STATIONS

COURTNEY, B.C.—"We consider," said Earl McMorrin, secretary of the B.C. Garagemen's Association, "that there are too many gas stations in the gasoline and oil business in British Columbia than the industry requires. This extravagant method of distribution of the greatest oil products has driven many garagemen to the point of destitution and has caused the public to pay for gasoline and oil much more than they should pay."

MAE WEST CONTROVERSY CONTINUES

Frank Wallace, alias "Mr. Mae West," catapulted into the limelight when he admitted he was the sex-kitten impersonator of the movie star. Wallace, an obscure song-and-dance man, was besieged by vaudeville offers. Although Miss West firmly denies ever having been married, an affidavit was brought to light, signed Mae West, stating under oath that she was wedded to Frank Wallace in New York City in 1927. Apparently there are two Mae Wests and two Frank Wallaces, which is not altogether surprising in this ever-changing world of ours.

## Day By Day Report, Festival

(Continued from Page Two)

WEDNESDAY EVENING—Cont.

At Elks Hall

Vocal Duet, Open

Dorothy Guthrie and Lois Cooke were the only ones to enter for the vocal duet, and they sang magnificently. A very difficult song, but beautifully sung, with good blending, intonation, and expression and execution was given. Total marks 96.00.

Class 4, School Orchestra

Grande Prairie High School entered their orchestra in Class 4, splendid work and excellent playing by the Wind. It would improve the orchestra vastly if they could get a couple of cellos for the double bass. The strings were good; cornet good tone, also trombone.

Mr. Wild told an amusing story of a man who had a very difficult time as to why he played certain passages so heavily and what did he think P.P. stood for, answered, "Plenty of Power."

Giving them 75 marks, Mr. Wild said that it was a highly satisfactory orchestra, considering the limitation in numbers, and showed very good team work.

WEDNESDAY MORNING, 10:00

At Spake Hall

Junior Elocution, Under 9 Years

The piece selected for this class was E. E. Weatherly's delightful little poem, "The Cat's Tea Party." There were 25 entries in this class, of which the first 10 were selected.

It was unfortunate that there was a certain restlessness among the audience when some of the children were reciting, but the younger and smaller children in the hall this was inevitable.

Mr. Cohen announced that there was a considerable amount of improvement over last year's work. Last year the children were very largely speaking words, and this year they were speaking in sentences.

The dancing of the children also was considerably improved. Last year there were some wooden, meaningless gestures, but this year there was a marked improvement.

The greatest general fault was in the children's phrasing. There was a slight tendency to punctuate mechanically, but strict punctuation is for the grammarian rather than for the elocutionist. Phrasing should be by thought, not by words.

Mr. Cohen then read the poem through in his own delightful style, explaining it phrase by phrase, and remained silent, but strict punctuation was for the grammarian rather than for the elocutionist. Phrasing should be by thought, not by words.

First place was awarded to Donald with 75 marks. Second, to Donald, Kathleen Mazur of Ryecrest, and Helen Huston and Jimmie Calliste, both of Ambiebie, tied for the third position.

This year the whole audience agreed with the judge, who has a remarkably kind and pleasant way of dealing with children.

WEDNESDAY AFTERNOON, 1:00

At Spake Hall

Intermediate Elocution, 13 Years and Under

This class was the largest in the whole festival, 49 entries. The piece chosen was Edgerton's "The Canadian Camping Song," a pleasing word-picture of a holiday in the Canadian woods.

Mr. Cohen found considerable difficulty in reaching a decision in this class and ten of the competitors were asked to read the chosen selection again.

In announcing his decision Mr. Cohen said the poem was easily read, except for a few wrong enunciations by some competitors. It is a difficult poem, for the reader has to set the scene in the Canadian woods by drawing such a picture of it in his words that we find the idea thrilling and enjoyable. These competitors who sang in spirit, did well.

Some of the competitors were asked to read the chosen selection again.

Cecil Hortic was placed first, Alona

Proud and Donald Hall tied for second place. Billy Bessant was fourth, and Donald, Donald fifth.

Senior Elocution 14 and Over

In this competition the text piece was the famous passage from "The Merchant of Venice" beginning "The quality of mercy is not strained." There were sixteen entries in this class, which was adjudicated by Mr. Cohen.

He gave additional instructions, particularly in articulation and voice production.

Most competitors, however, were therefore unable to get good voice control.

The voice is an instrument to be carefully trained and to be played upon the right. While it is impossible to be impossible to have good voice production.

Those who demonstrated good positions with the competitor, including an even posture and abdominal breathing. With the aid of teaching, voice production, and also the help of the teacher, the students had to give additional adjustments.

After giving additional adjustments, Mr. Cohen announced the results as follows: First, Hector Hortic; second, Donald Hall; third, Vera Johnson, and Jack Denison.

THURSDAY MORNING, 10:00

At the Capitol Theatre

Folk Dancing

Miss Trueman judged the folk dancing. She said it was a hard task, for they were all more or less perfect in composition, and she was very pleased with the quality of all the dancing.

The teachers should spend more time in getting the foundation first. The variations are more important than the steps.

The adjudicator said that there was a considerable amount of improvement between 14 and 16 years of age, held in the United Church on Thursday forenoon.

There were six entries in the low voice competition and the marks were given as follows: Opal Floun, 74; Marlene Thompson, 72; Jean Smart, 71; Marjorie Guthrie, 70; Clara Dickson, 66.

Lillian Vincent was the only entrant in the high voice and was given 70 marks for her singing of "Contentment" (Mozart).

Open Piano Duet

There was only one entry in the open piano duet, Eliza Vaughan and Madeline Thompson.

"The best pianoforte playing I have seen," said Mr. Wild, "was excellent team work. I have no difficulties to offer," remarked the adjudicator, who gave 85 marks.

"The 'Lamb and Jig' (Richard Wellington) was the selection.
